"Aw, isn't she cute?"

Senior marriage course ... comparative religions ... Peter, Paul, (and Mary?) ... "no sleeping in class" ... Vatican II ... Christ is ... freshman innocence ...

"I don't know if that comes under the general heading of 'Religion.'"

YOUR WAY OF LIVING

Mike
you're a cute
guy & a great
friend. Don't

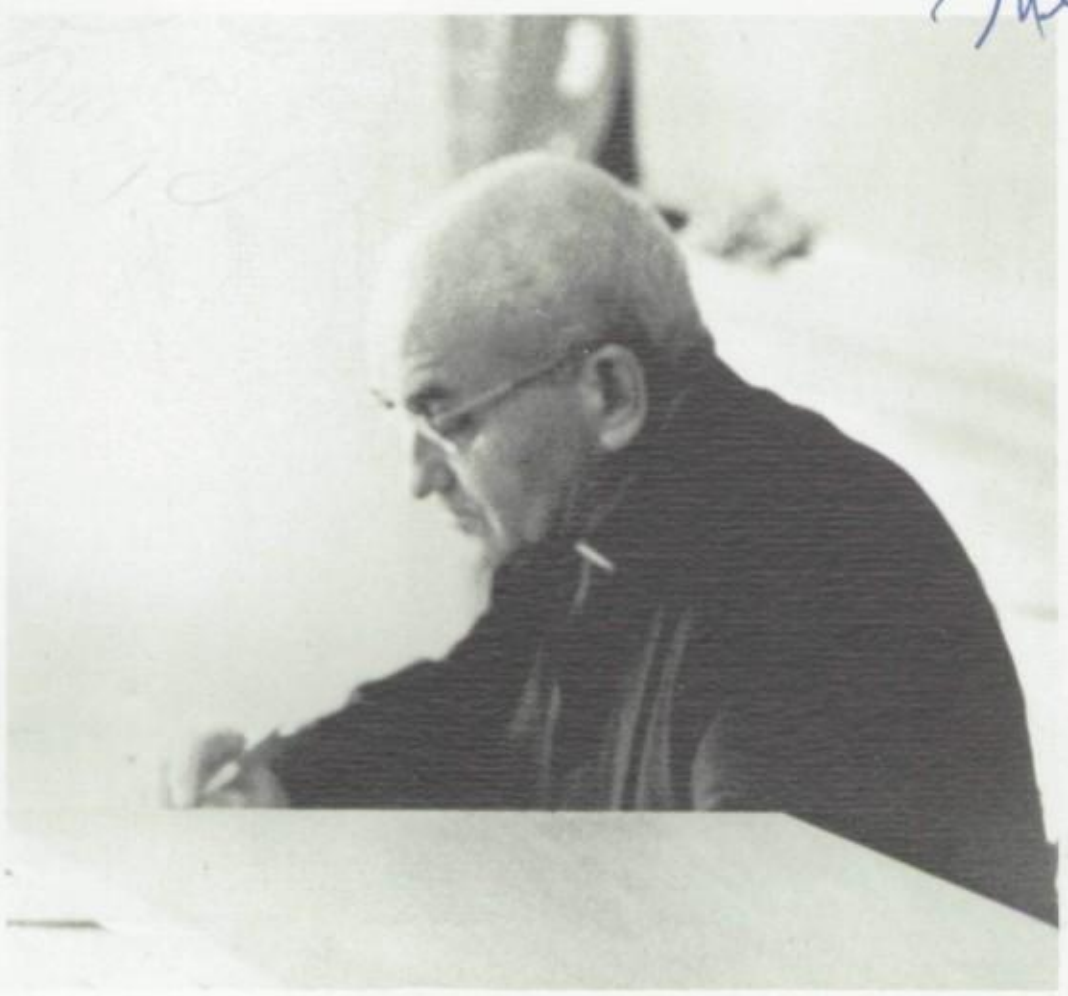
Melissa !



"Is Father grading papers - or sleeping?"

"I just can't seem to be able to explain that particular aspect of marriage to the girls ..."

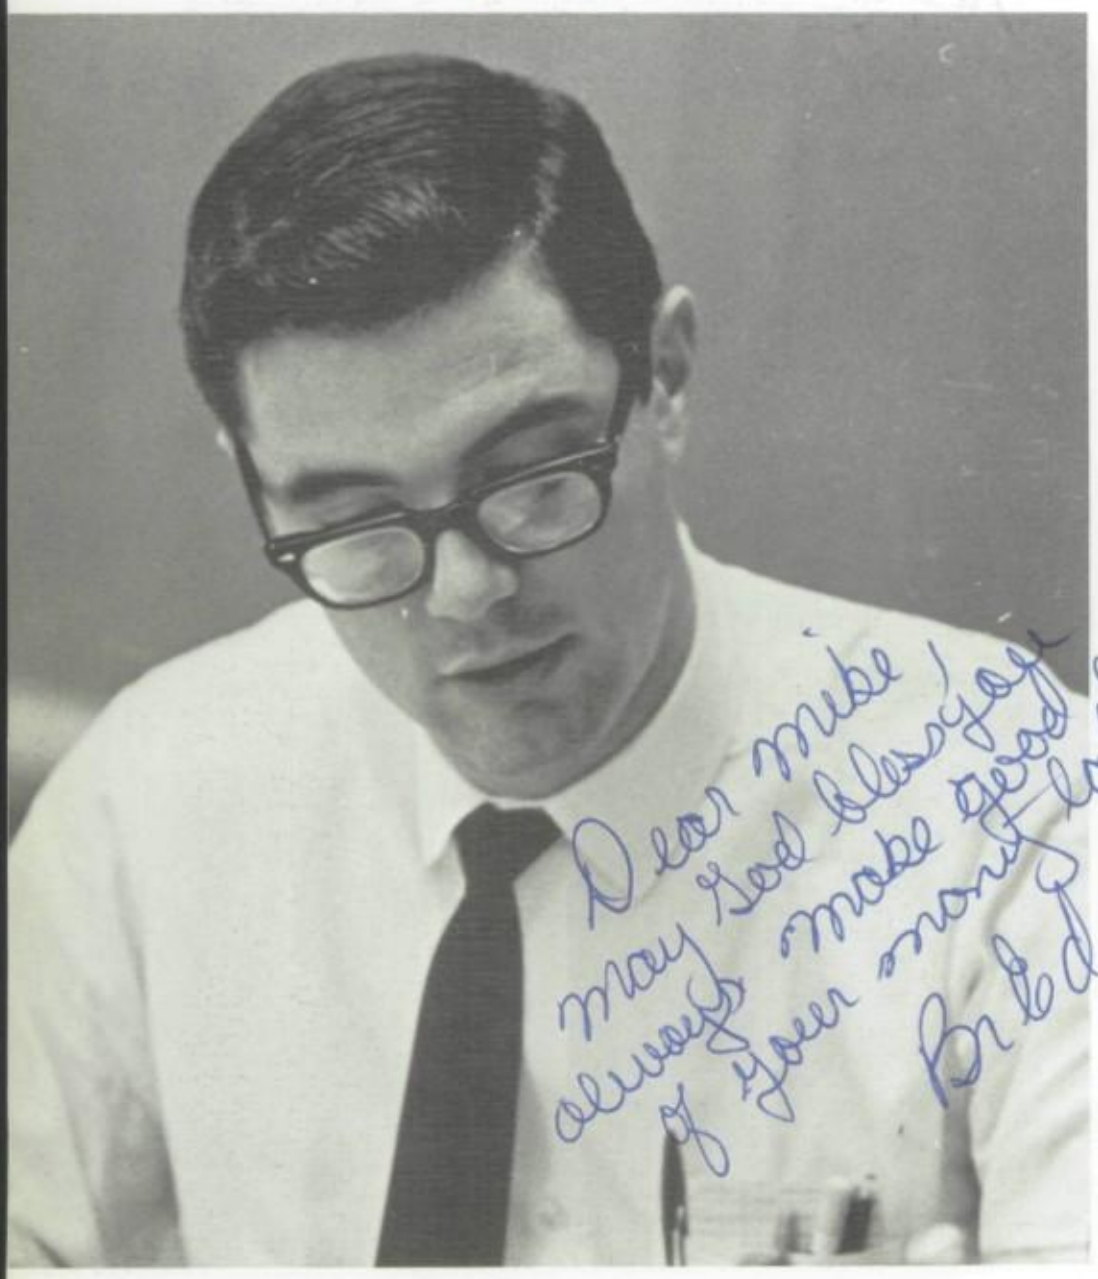
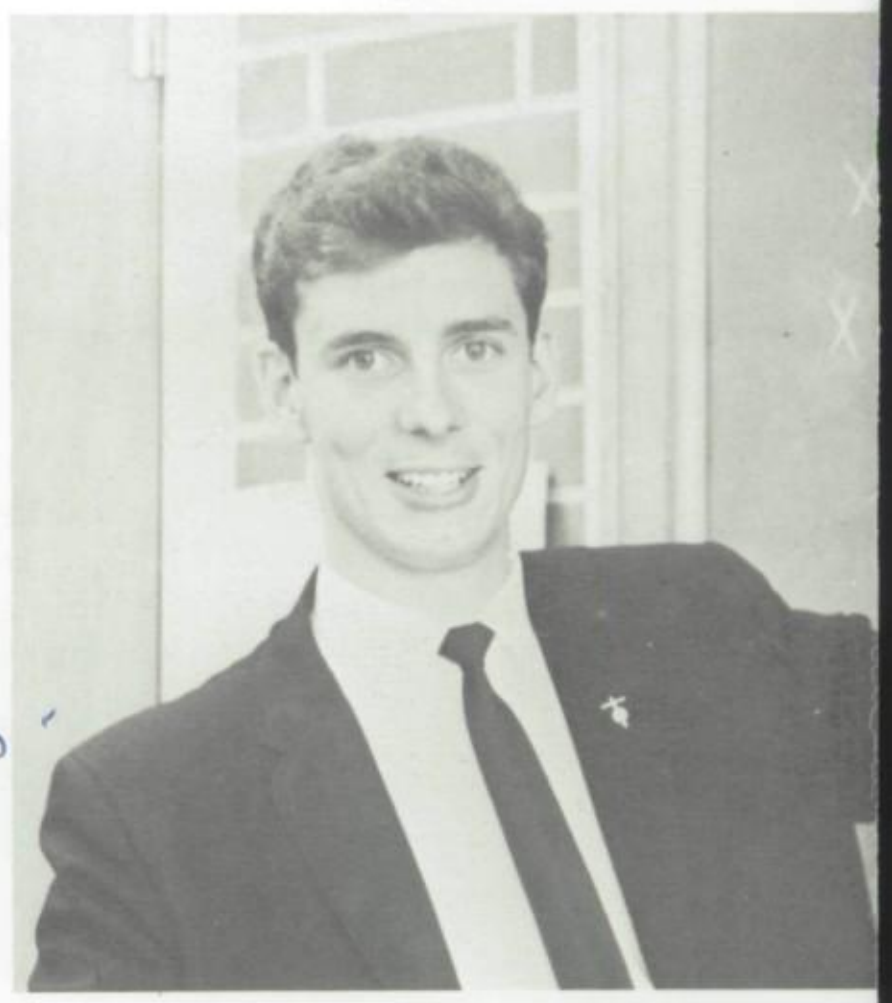
LET'S LEARN THE SCIEN

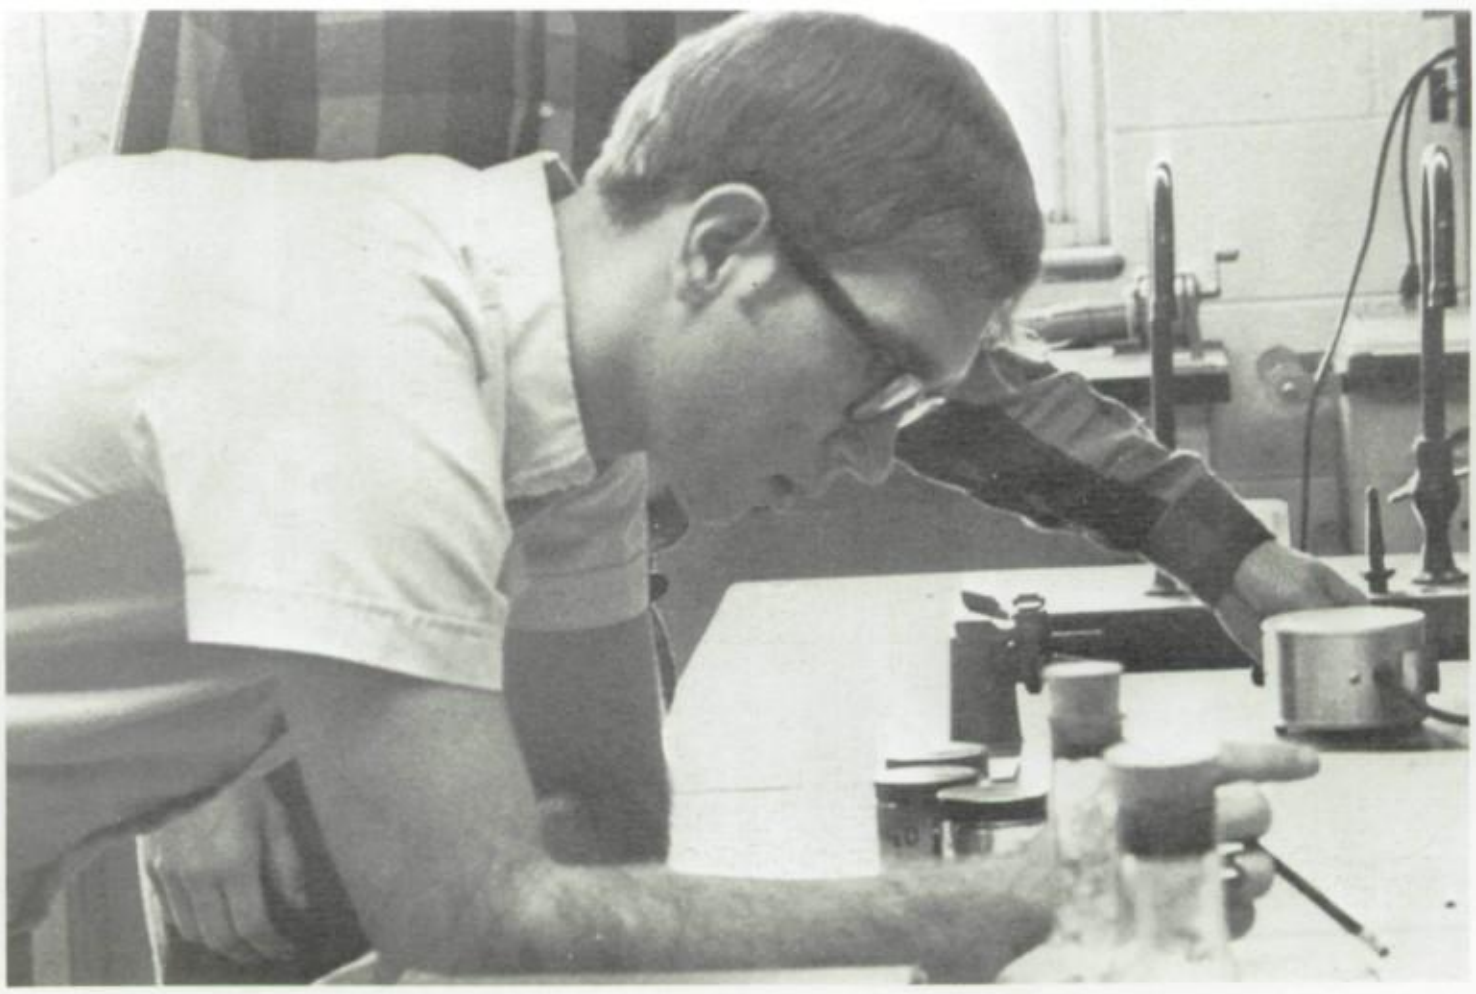


Brother Ed prepares to curve his chemistry tests in order to prevent the entire class from failing.



"it's so simpo - even I can do it!"

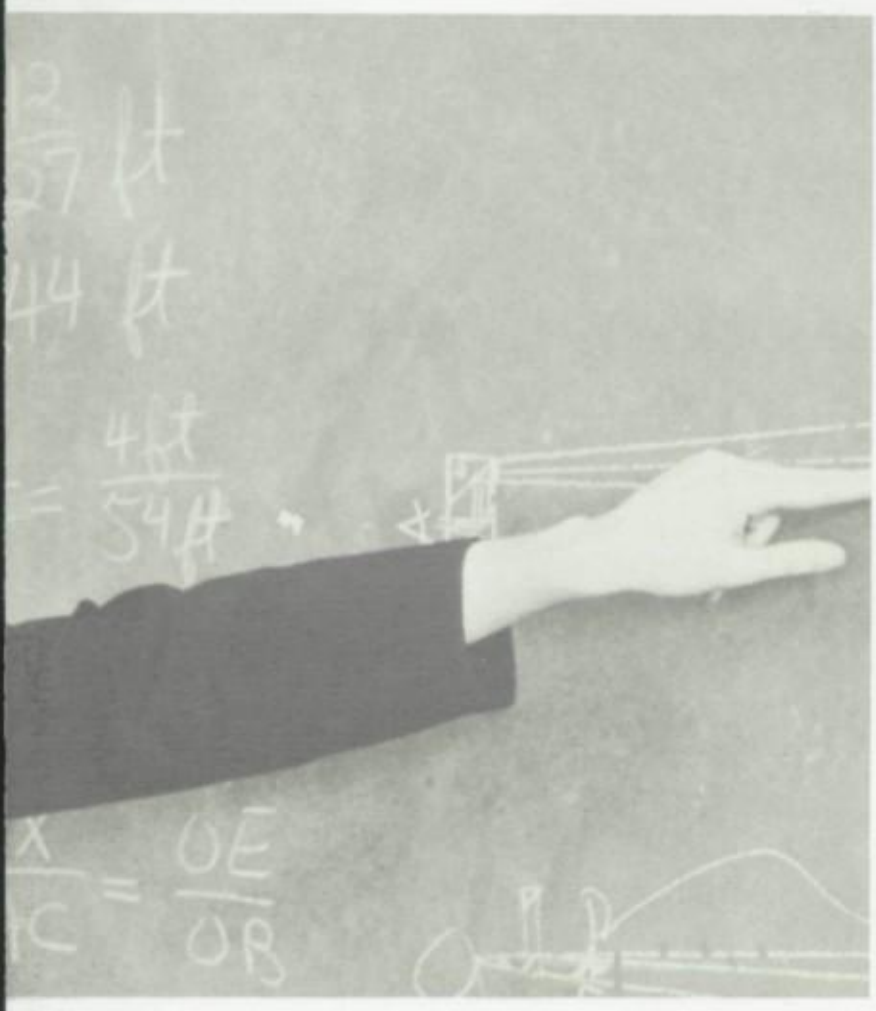
nodo lines ... rippo tanks ... dissections ... broken test tubes ... F = ma ... tinker toys ... "who left the gas valve on?" ... missing lab books ... "Good old Grunch" ...

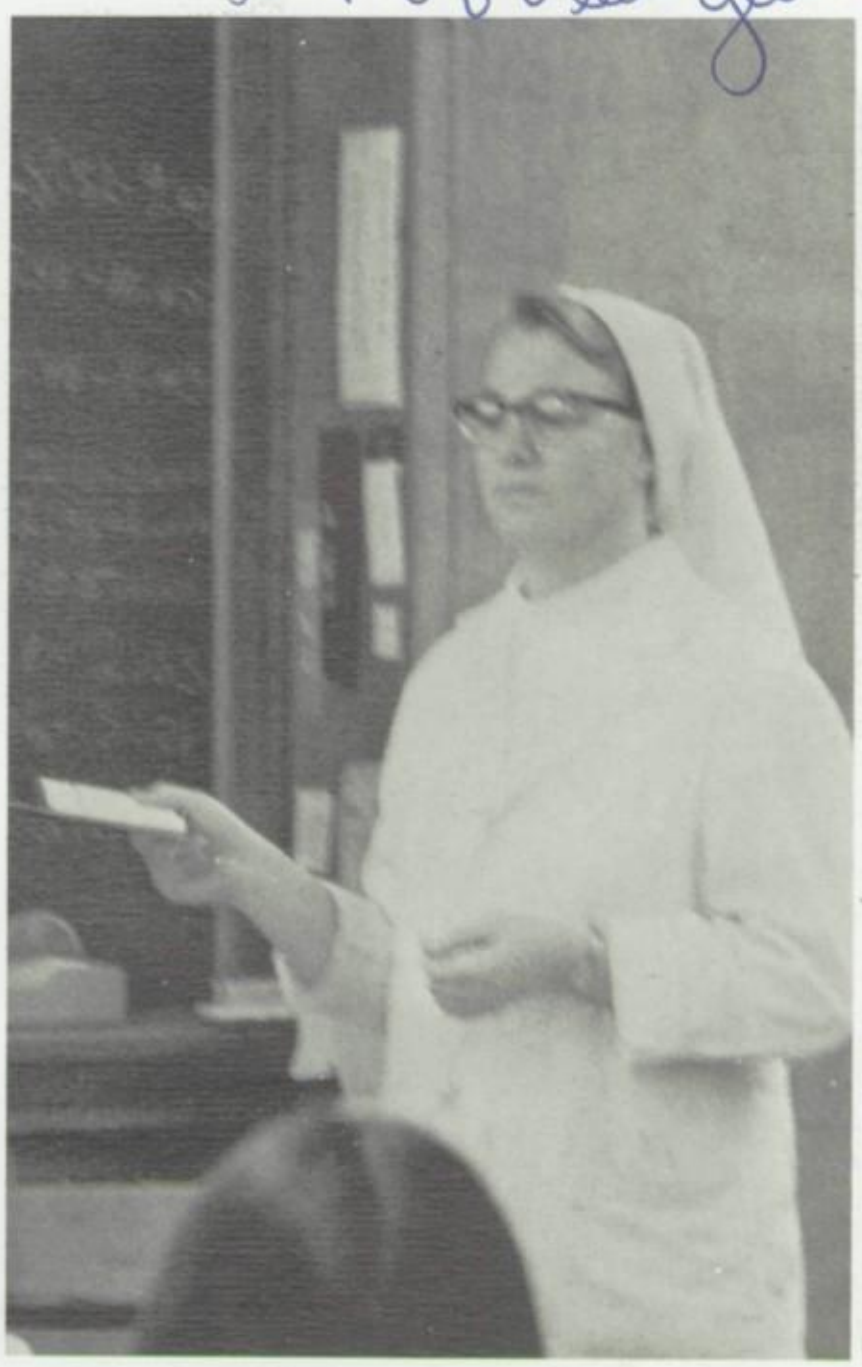


The highligh of any science course - the lab!

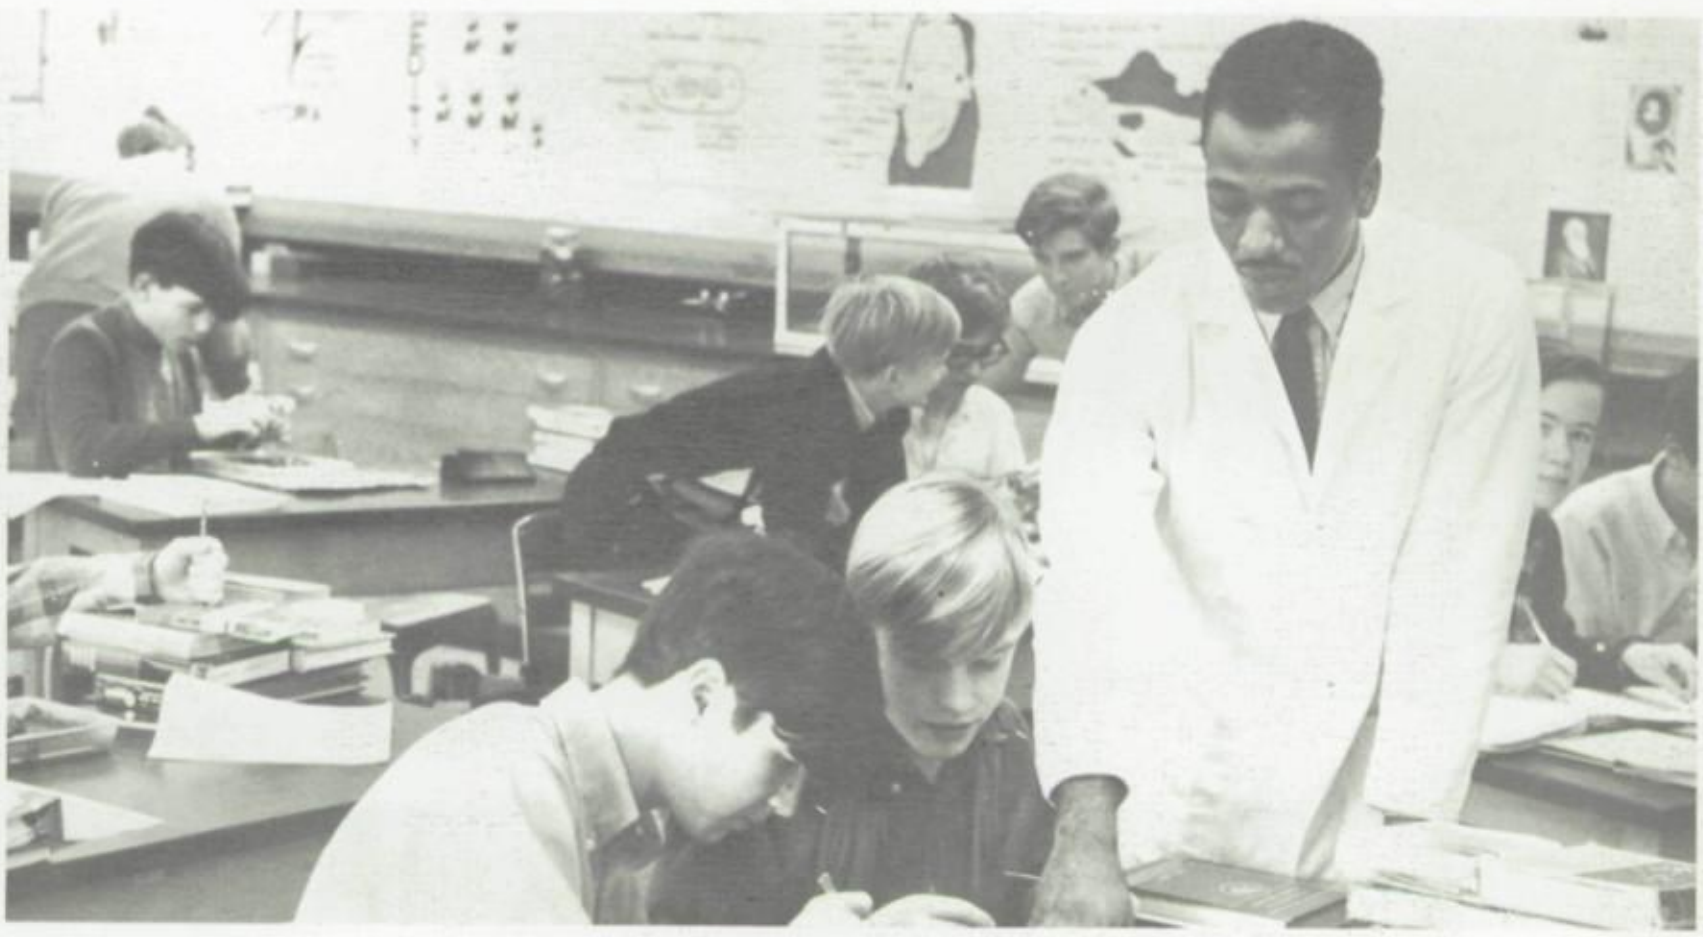
TIFIC METHOD OF INVESTIGATION

Mike,
To a really terrific guy. Let's try to have lots & lots of fun in creative reading this year.
Love, Vicki

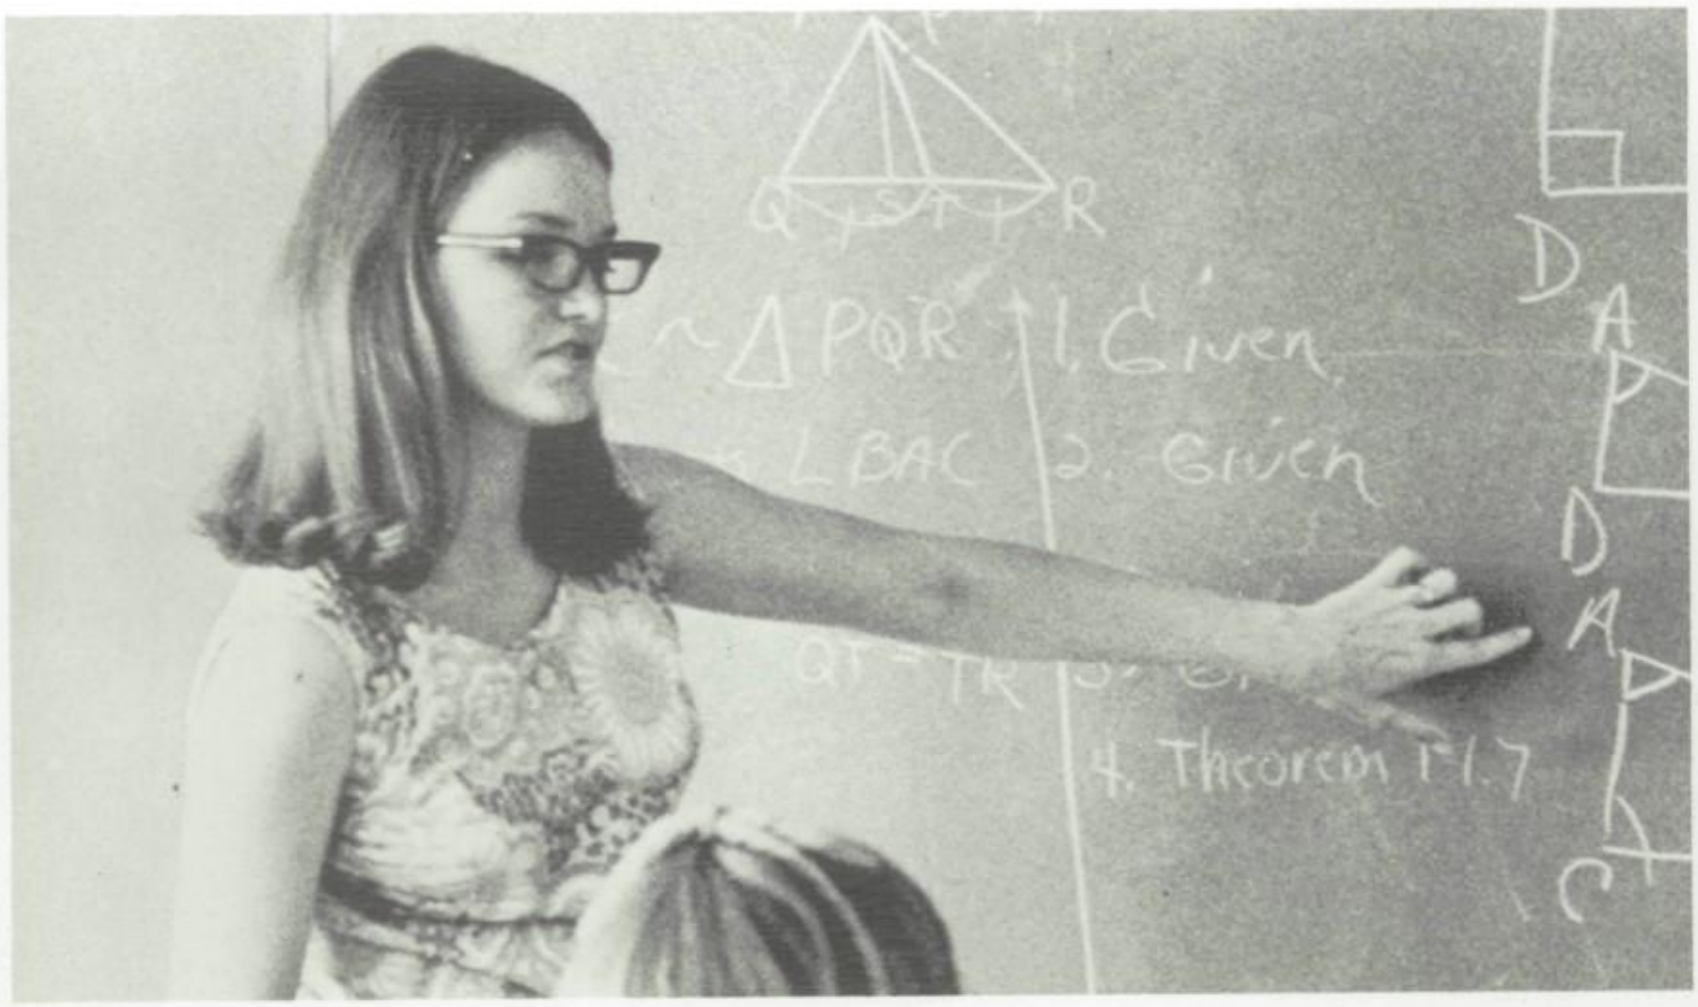




Today, we'll begin our studies of the great white water buffalo.



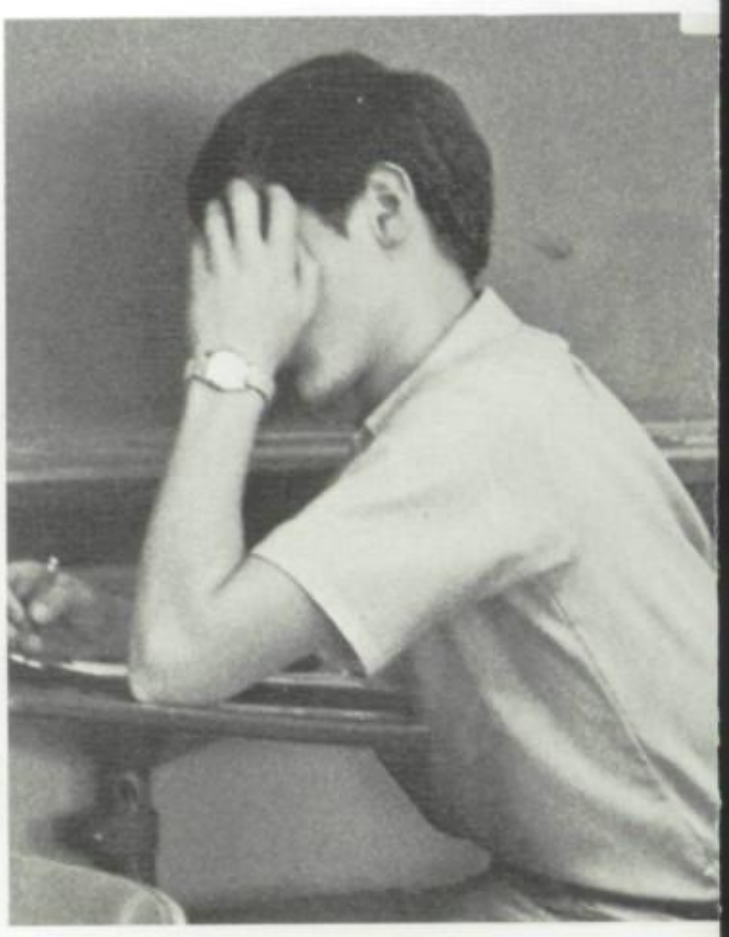
Mr. Gunter oversees a couple of studious sophomores.



"If you add the lengths of these two sides, you're bound to come up with a very interesting number."

"Now girls, ..."

5,000 word math paper ... weekly math tests ... prepared "pop" quizzes ... "what is a 'sine'?" ... Burrington handbook ... geometric theorems ... a + b = b + a ... Queen of Permutations ...



Underclassmen learn how to put their math

WITH MATH!

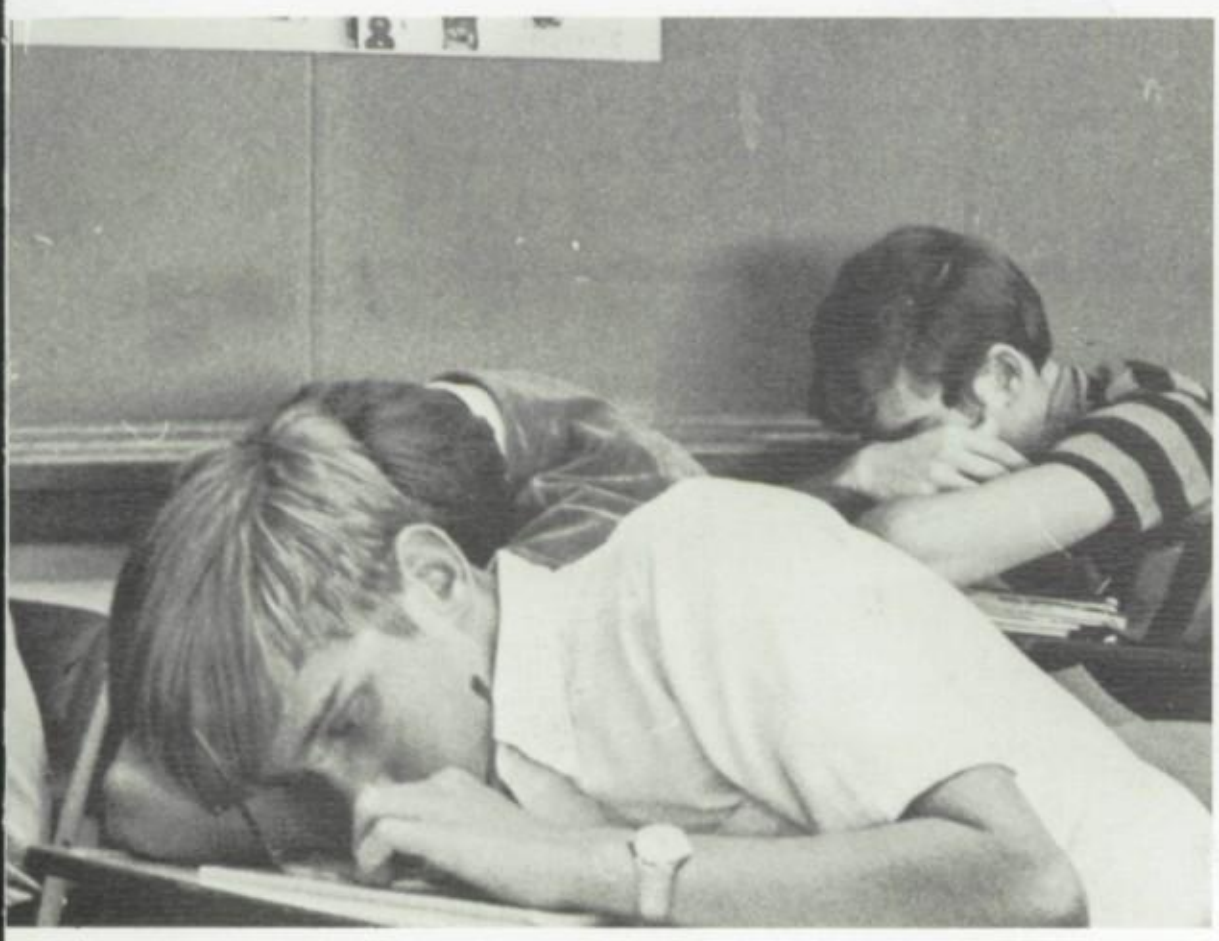
"You're doing better, Mary Beth; you have just 25 warning slips this semester."



class to best possible use.

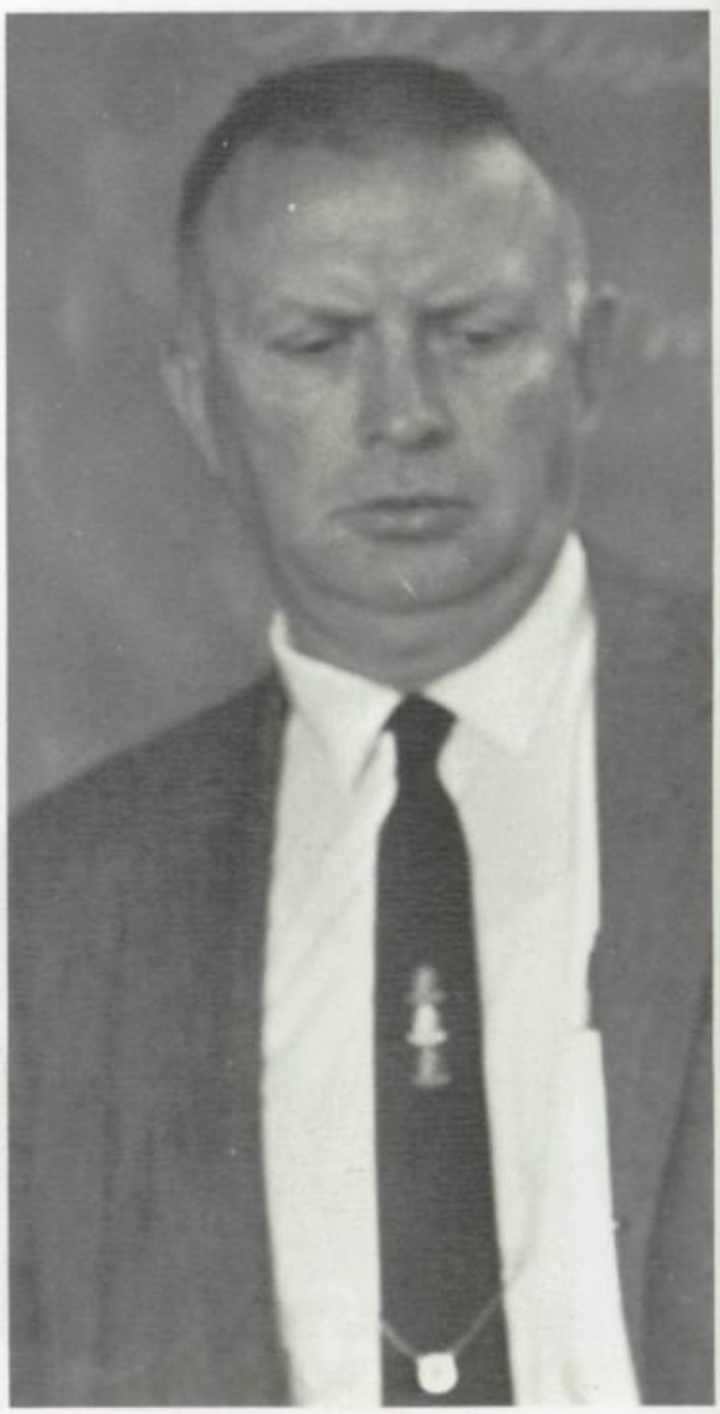
GOVERNMENT CLASSES MAKE GOOD CITIZENS

Brother Charles counts up the brownie point total.

brownie points ... ABM debate ... "For the common good" ... Nixon, Humphrey, Wallace ... reading corncobs in class ... not another paper ... sheer boredom ... class reports ...

Miss Laux gets hysterical in senior government class.

"Smile and the world smiles with you" - even in Government class!



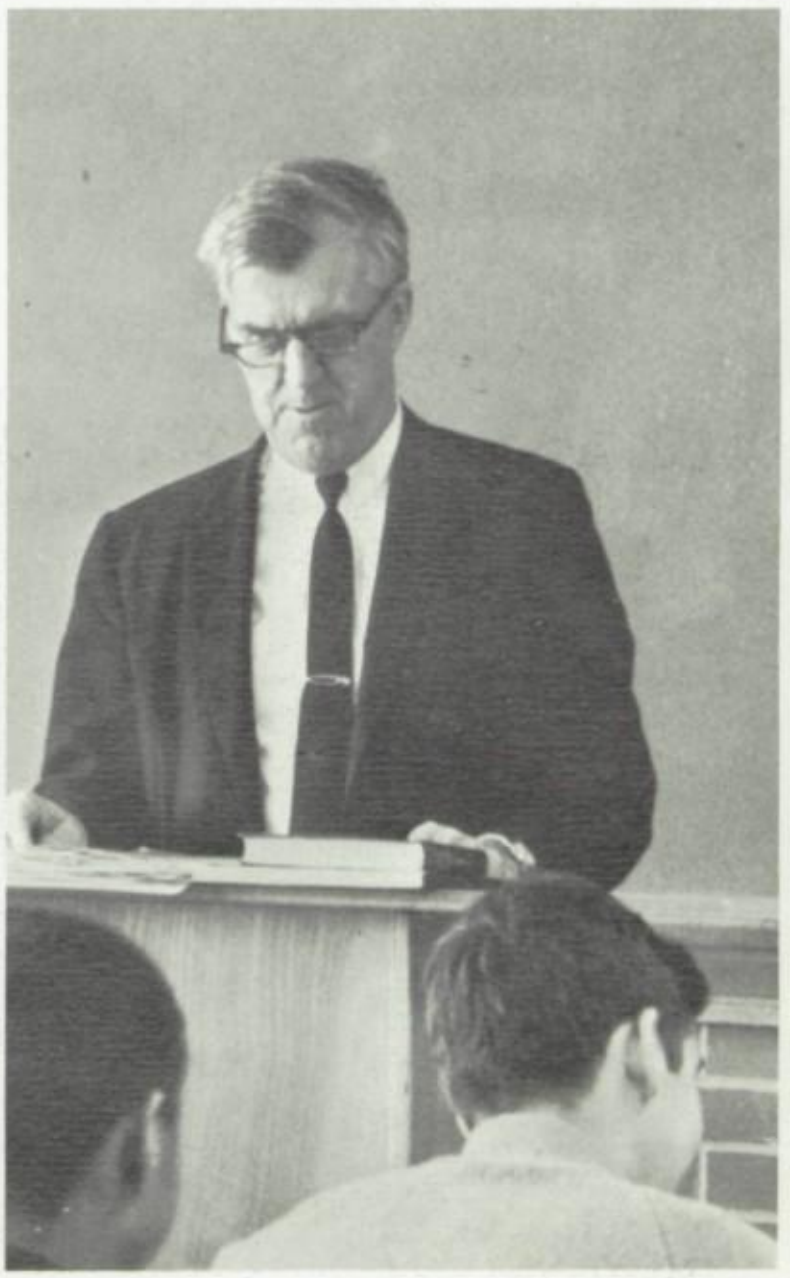
Mr. Lutz stares down an unruly student.

"Come on Sister, our pronunciation isn't that bad!"

WELCOME TO LINGUIST'S PARADISE

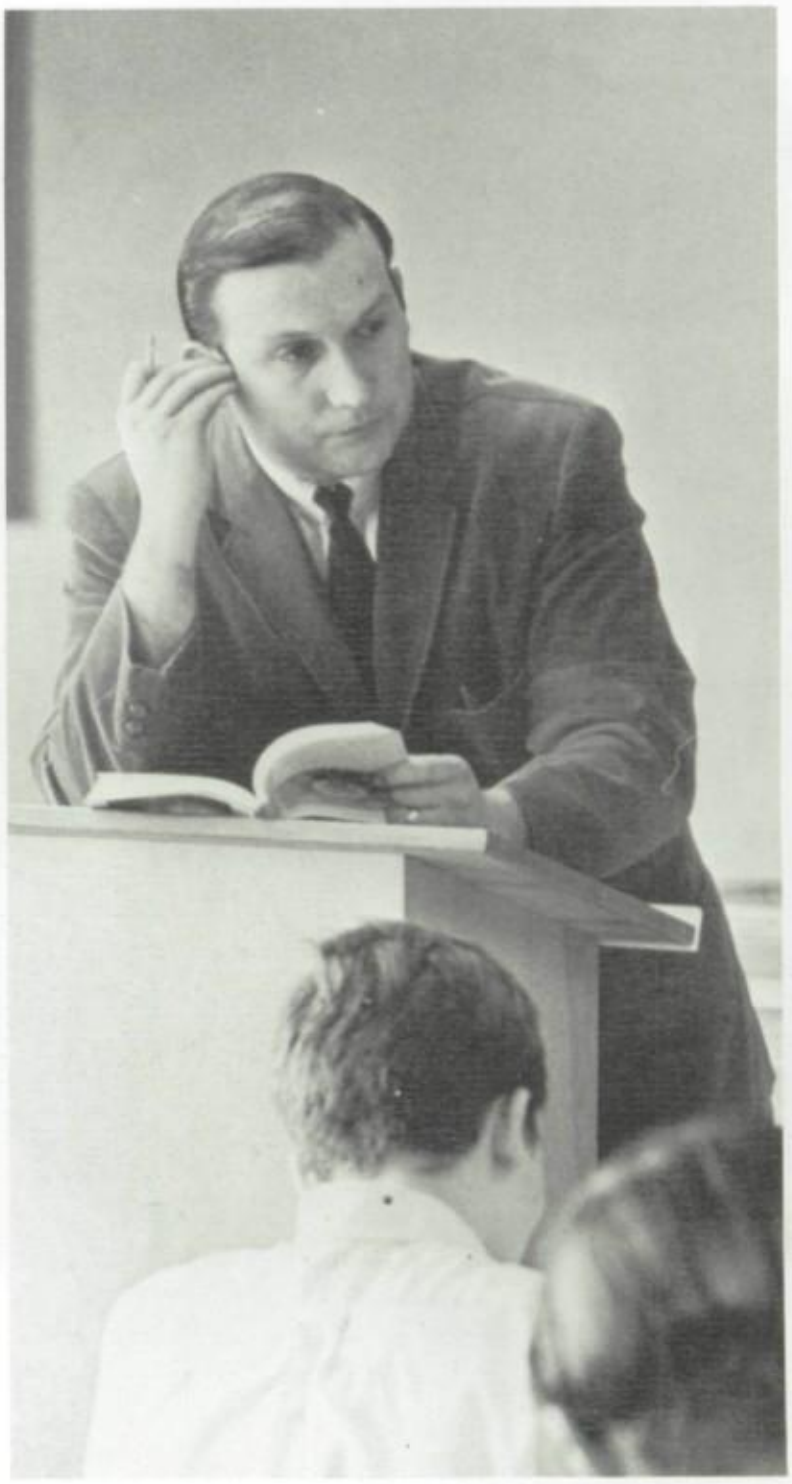
Ramon and Miguel ... "1st person, genitive case, singular" ... Is that Latin? ... Secunda Vista ... freshman French classes ... "Translate, please." ...

"I just washed my hair and I can't do a thing with it."



Brother Sohm prepares to rip and reem a freshman.

Sister Elizabeth Parr tries to explain the complexities of War With the Newts.



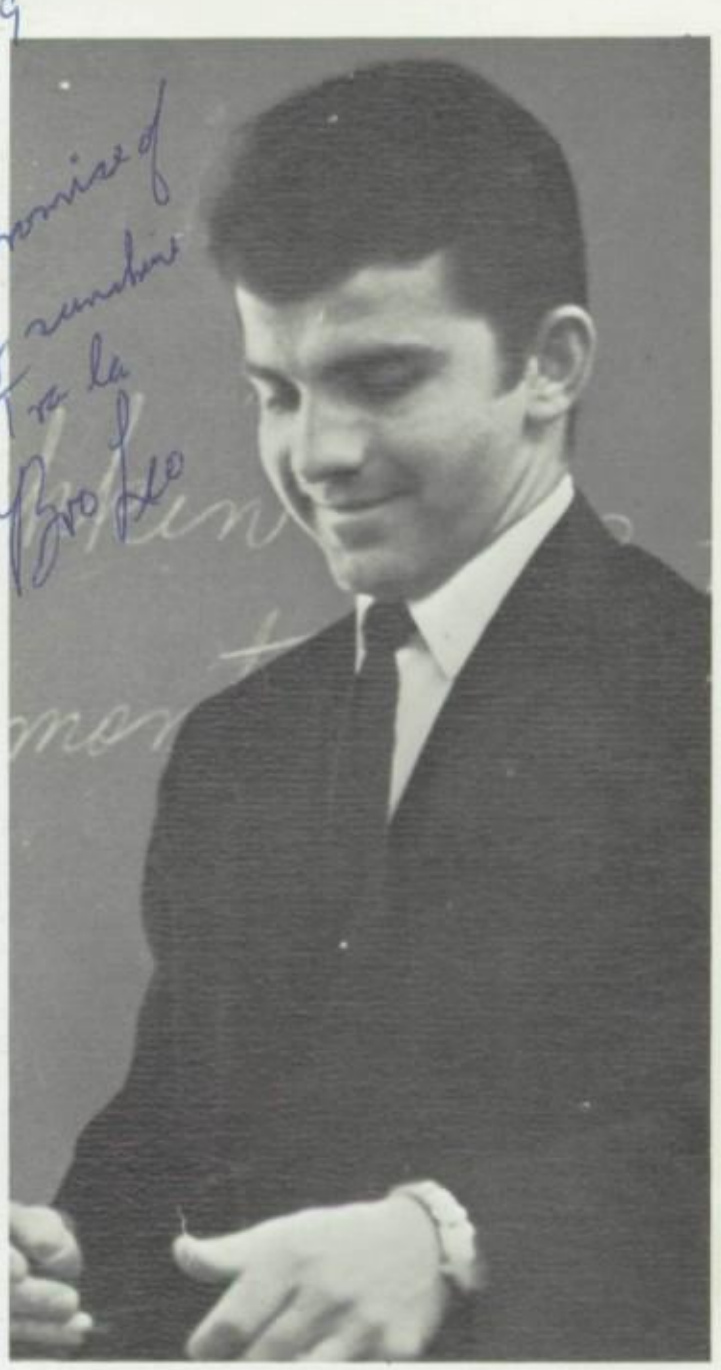
"I don't believe that he actually said that."

"Now, the way I see it ..."

Dante's Inferno ... 10 page essays ... befuddled students ... "was there really a guy named 'Shakespeare'?" ... nobody likes poetry ... Senior film course ... "Occurence At Skumwallah Ridge" ...

PHONETICS

Mrs. Collier prepares to give a dramatic interpretation of her favorite poem.

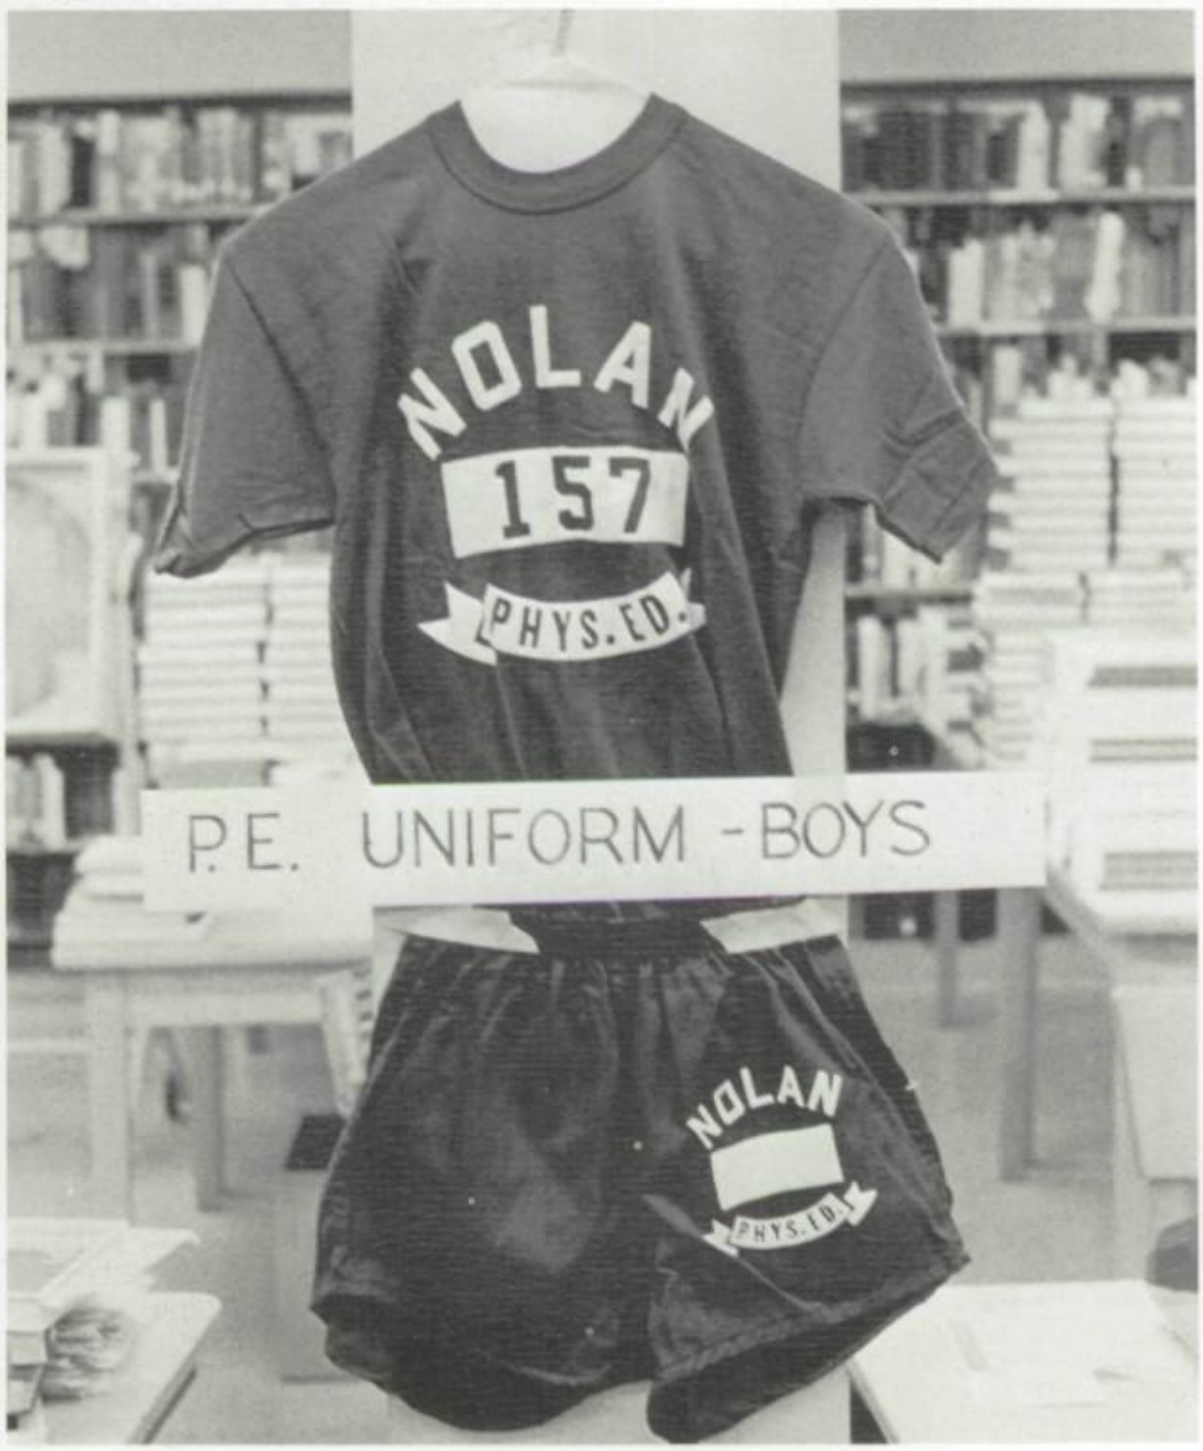


On the basis of Brother Leo's fiendish grin, I would venture that that is a recording of The Love Song of J. Alfred Prufrock.

Sister Joan prepares to pour forth a lecture about her favorite subject - the Trumpet.

PHYSICAL MANIPULATION

Mr. Irvin surveys his chain fence-enclosed domain.



Aren't we getting classy - tee shirts with "Nolan" emblazoned upon them.

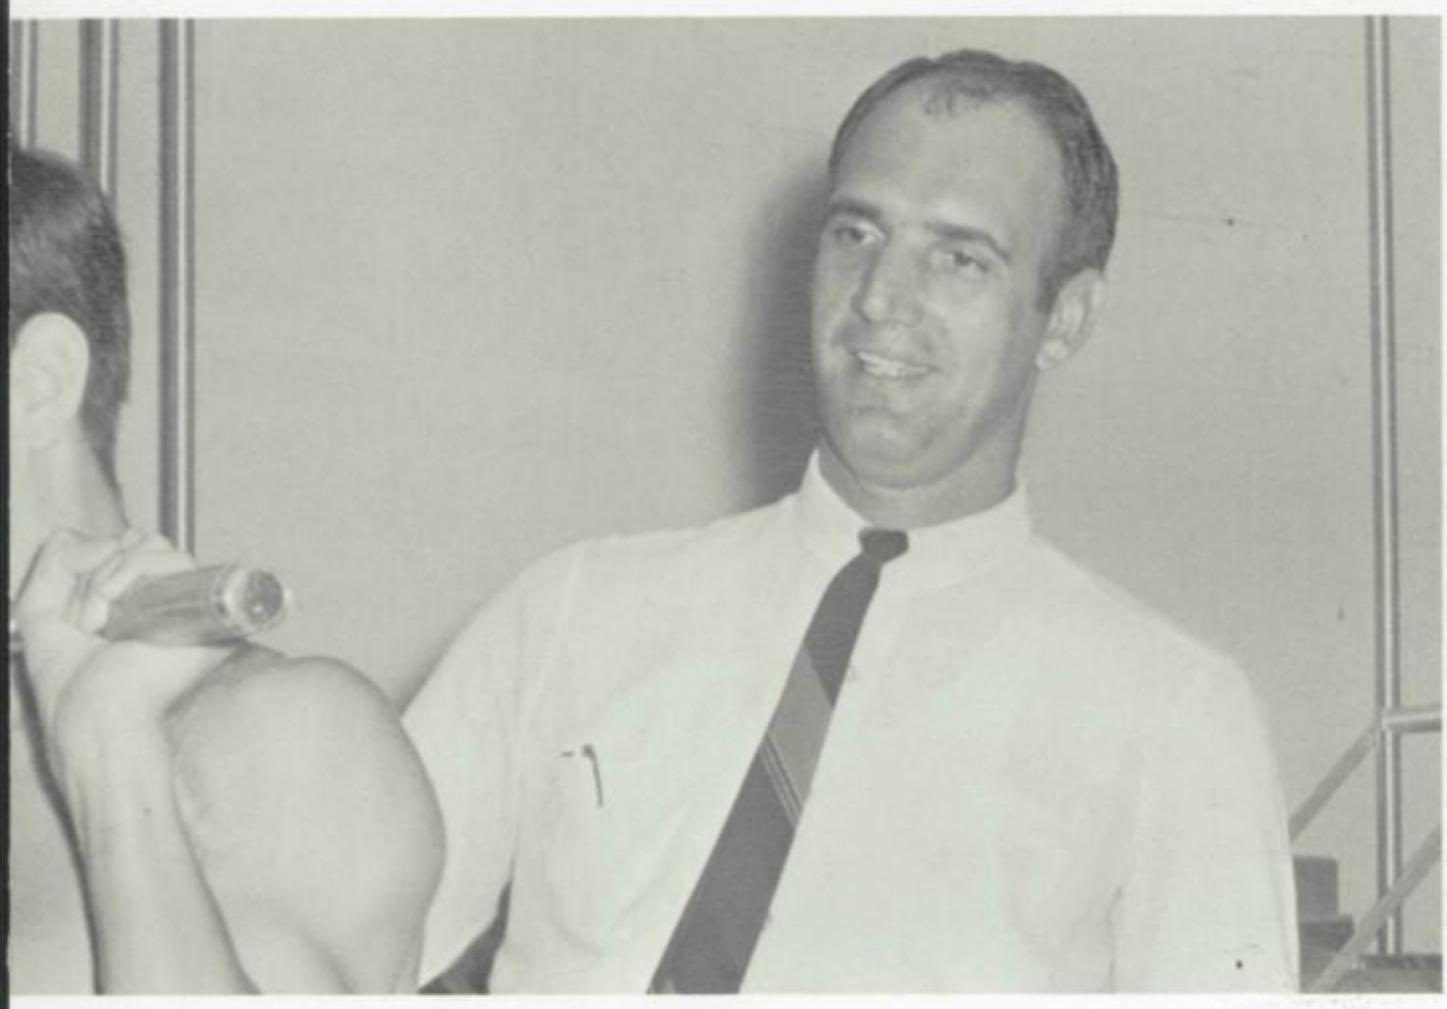
exercising machine ... cold showers ... missing sneakers ... "20 laps around the gym" ... "get away from that rope!" ... a <u>real</u> baseball diamond ...

Coach Friday has come up

MADE EASY

"No, girls, it's my ball."

"Alright, we'll have none of this in my P.E. class."



with a new way to torture his P.E. students.

ODDS AND ENDS ROUND

"Listen to the Mockingbird, ..."

U.D. art shows ... burnt cookies ... G.W.A.M. of 55! ... "my hand just won't write short!" ... dress patterns ... ceramics ... "borrowing" typing paper ... tea time ... music and art "appreciation" ...

"My clothes came out 20% whiter when I used Tide."

"This, girls, is what one calls 'short hand'."

OUT NOLAN

Mrs. Morris and her portable typewriter are on the job in Home Ec.

Sister Williams is happy with the progress of her typing class.

Mrs. Horly aids Marsha and Carla with their latest artistic creations.

P-l-e-a-s-e c-a-l-l h-o-m-e d-u-r-i-n-g l-u-n-c-h.

"Alright you guys . . ."

WITHOUT WHOSE HELP . . .

"Tracey, are you tardy again?"

Mrs. Swanson takes inventory of her domain.

tardy slips ... suspended from the library ... parking permits ... student mass ... gum fines ... run-away mimeograph machines ... shortened periods ... different time on each clock ... empty halls by 3:03 ...

You too can become a Texas Catholic carrier - and win lots of prizes too!

"Aha - caught you at last!"
